## **Program Assessment Plan for the Spanish Major 2023-2028**

Assessment Coordinators:	Emilce Cordeiro, Joanne Britland
Department Chair:	Luce Aubry
Date Created/Updated:	Created summer 2023

#### 1) PROGRAM MISSION STATEMENT

The mission of the Spanish Major Program is to provide students a variety of courses that develop oral and written communication skills in the Spanish language and knowledge of Hispanic culture.

Within courses that are taught in Spanish, students engage in learning activities and real life community work that hone their ability to think critically, solve problems, demonstrate leadership, and integrate their understanding of multiculturalism.

The department invests in student success by providing individual support tailored to each student's career goals. Students take courses focused on a variety of careers including marketing and communication, literature, film, television, media studies, cultural studies, education, among others. The program emphasizes cultural diversity, understanding, and communication. We encourage our students to study abroad and engage with partners in the MetroWest and Boston area.

Our program maintains strong partnership with local businesses, museums, schools, and health services in the area. Our students have worked in internship opportunities in education, the legal field, healthcare field, marketing and communication, nonprofits, and more. Graduates of the program are well positioned to pursue either graduate studies, professional employment, or teaching at the elementary or secondary levels
