Notes (*)

- Course offering may change. Always check current listing.
- The Dean will cancel classes if there are not enough students to run the course.
- NUED 910 is an added course for students without a degree in nutrition. It does not count as one of the 10 required courses.
- NUTR 920 and 960 have additional prerequisites
- NUED 973 and 993 are capstone courses. You must complete NUED 911 Research Methods before taking NUED 973. You can enroll in NUED 973 after completing five courses in the program.
- While the M Ed in Nutrition Education is an online program, a few students have asked if there are any face-to-face courses they can take. I added CPSY 911 Orientation to Counseling Practice in the fall.
- AS ALWAYS, IF YOU HAVE ANY QUESTIONS OR CONCERNS, EMAIL jschwartz@framingham.edu
