

## Framingham State College: New Subject Codes

NOTE: Each course now has a four letter prefix which indicates the subject matter.

This prefix replaces the two digit department course code.

Example: the new code for Psychology is PSYC. The previous code was 42.

Use the key below to find the course(s) you are looking for. Look up the previous subject code to find the course subject and new code. If you are searching for courses on the web, you will need to look them up by the subject.
