

Mathematics Courses at Other Schools Equivalent to MATH 095 General Mathematics

These courses have been approved for Fall, Spring and Summer sessions. These are not approved for courses taken during Winter sessions or on-line.

The following is a list of courses offered by selected other schools that are considered equivalent to Framingham State's MATH 095 General Mathematics. If your placement test results indicate that you need to strengthen your algebra preparation, one way to do so would be to take an algebra course at a local community college, college, or university. Other schools not listed here may have appropriate courses. All courses not on this list must be approved prior to enrollment. For questions about other courses or other issues, please contact Ben Trapanick at 508-626-4905 or at btrapanick@framingham.edu.
