Each year the National Survey of Student Engagement (NSSE) asks students at hundreds of colleges and universities to reflect on the time they devote to various learning activities. The topics explored are linked to previous research on student success in college.

Results from NSSE can provide prospective students with insights into how they might learn and develop at a given college. To help in the college exploration process, NSSE developed *A Pocket Guide to Choosing a College* to give students and their families key questions to ask during campus visits.

The following responses were provided by 354 FSU students on the 2018 survey.

### Academics

**How much time do students spend studying each week?**

<table>
<thead>
<tr>
<th>Hours per week</th>
<th>First-year</th>
<th>Senior</th>
</tr>

<td>20</td>
</tr>
</tbody>
</table>

First-year (FY) students spent an average of 12 hours per week preparing for class while seniors spent an average of 14 hours per week.

**Do courses challenge students to do their best?**

39% of FY students reported that their courses "highly" challenged them to do their best work.

**How much writing is expected?**

In an academic year, FY students estimated they were assigned an average of 48 pages of writing and seniors estimated an average of 81 pages.

**How much reading is expected?**

FY students estimated they spent an average of 5 hours per week on assigned reading, and seniors read 7 hours per week.

**How often do students make course presentations?**

37% of FY students and 63% of seniors "frequently" gave course presentations.

**Do class discussions and assignments include the perspectives of diverse groups of people?**

50% of FY students "frequently" included diverse perspectives in course discussions or assignments.

**Are students expected to use numbers or statistics throughout their coursework?**

38% of FY students "frequently" used numerical information to examine a real-world problem or issue; 52% of seniors "frequently" reached conclusions based on their own analysis of numerical information.

### Experiences with Faculty

**How do students rate their interactions with faculty?**

57% of FY students rated the quality of their interactions with faculty as "high."

**How often do students talk with faculty members or advisors about their career plans?**

26% of FY and 49% of seniors "frequently" discussed career plans with faculty.

**Do faculty members clearly explain course goals and requirements?**

79% of FY students said instructors clearly explained course goals and requirements "quite a bit" or "very much."

**Do students receive prompt and detailed feedback?**

57% of FY students and 68% of seniors said instructors "substantially" gave prompt and detailed feedback on tests or completed assignments.

**How often do students talk with faculty members outside class about what they are learning?**

20% of FY students "frequently" discussed course topics, ideas, or concepts with a faculty member outside of class.

**How many students work on research projects with faculty?**

1% of FY students and 27% of seniors worked on a research project with a faculty member.
Learning with Peers

**How often do students work together on class projects and assignments?**

52% of FY students and 63% of seniors "frequently" worked with their peers on course projects and assignments.

**Do students help each other learn?**

55% of seniors "frequently" explained course material to one or more students.

**How often do students work together to prepare for exams?**

41% of FY students "frequently" prepared for exams by discussing or working through course material with other students.

**How often do students interact with others who have different viewpoints or who come from different backgrounds?**

Among FY students, 55% "frequently" had discussions with people with different political views, 68% "frequently" had discussions with people from a different economic background, and 70% "frequently" had discussions with people from a different race or ethnicity.

Campus Environment

**Are students encouraged to use learning support services (tutors, writing center)?**

74% of FY students said the institution "substantially" emphasized the use of learning support services.

**How do students rate their interactions with academic advisors?**

44% of FY students and 51% of seniors gave the quality of their interactions with academic advisors a "high" rating.

**How well do students get along with each other?**

46% of FY students gave the quality of their interactions with their peers a "high" rating.

**How satisfied are students with their educational experience?**

77% of FY and 83% of seniors rated their entire educational experience at this institution as "excellent" or "good."

Rich Educational Experiences

**What types of honors courses, learning communities, and other distinctive programs are offered?**

During their first year, 5% of students participated in a learning community. By spring of their senior year, 54% of students had done (or were doing) a culminating senior experience.

**How many students study in other countries?**

By their senior year, 8% of students had studied abroad.

**How many students get practical, real-world experience through internships or field experiences?**

By spring of their senior year, 49% of students had participated in some form of internship, co-op, field experience, student teaching, or clinical placement.

**How many courses include community-based service-learning projects?**

35% of FY students and 46% of seniors said "at least some" of their courses included a community-based service-learning project.

Notes

a. "Highly" is a 6 or 7 on a seven-point scale where 1 is "Not at all" and 7 is "Very much."
b. "Frequently" is "Often" or "Very often."
c. A "High" rating is a 6 or 7 on a seven-point scale where 1 is "Poor" and 7 is "Excellent."
d. "Substantially" is "Quite a bit" or "Very much."
e. "At least some" is defined by combining responses of "Some," "Most," and "All."
A Summary of Student Engagement Results

Student engagement represents two critical features of collegiate quality. The first is the amount of time and effort students put into their studies and other educationally purposeful activities. The second is how institutional resources, courses, and other learning opportunities facilitate student participation in activities that matter to student learning. NSSE surveys undergraduate students in their first and final years to assess their levels of engagement and related information about their experience at your institution.

This Snapshot is a concise collection of key findings from your institution’s NSSE 2018 administration. We hope this information stimulates discussions about the undergraduate experience. Additional details about these and other results appear in the reports referenced throughout.

### Engagement Indicators

Sets of items are grouped into ten Engagement Indicators, organized under four broad themes. At right are summary results for your institution. For details, see your Engagement Indicators report.

<table>
<thead>
<tr>
<th>Theme</th>
<th>Engagement Indicator</th>
<th>Your students compared with New England Public</th>
</tr>
</thead>
<tbody>

</table>

**Key:**

- ▲ Your students’ average was significantly higher ($p < .05$) with an effect size at least .3 in magnitude.
- ▶ Your students’ average was significantly lower ($p < .05$) with an effect size less than .3 in magnitude.
- ▼ No significant difference.
- — Your students’ average was significantly lower ($p < .05$) with an effect size less than .3 in magnitude.
- ◄ Your students’ average was significantly lower ($p < .05$) with an effect size at least .3 in magnitude.

### High-Impact Practices

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated "high-impact." For more details and statistical comparisons, see your High-Impact Practices report.

**First-year**

- Service-Learning, Learning Community, and Research w/Faculty
- New England Public: 9% 44%
  - FSU: 3% 33%

**Senior**

- Service-Learning, Learning Community, Research w/Faculty, Internship, Study Abroad, and Culminating Senior Experience
- New England Public: 64% 23%
  - FSU: 58% 24%
Academic Challenge: Additional Results

The Academic Challenge theme contains four Engagement Indicators as well as several important individual items. The results presented here provide an overview of these individual items. For more information about the Academic Challenge theme, see your Engagement Indicators report. To further explore individual item results, see your Frequencies and Statistical Comparisons, the Major Field Report, the Online Institutional Report, or the Report Builder.

Time Spent Preparing for Class

This figure reports the average weekly class preparation time for your students compared to students in your comparison group.

Reading and Writing

These figures summarize the number of hours your students spent reading for their courses and the average number of pages of assigned writing compared to students in your comparison group. Each is an estimate calculated from two or more separate survey questions.

Challenging Students to Do Their Best Work

To what extent did students’ courses challenge them to do their best work? Response options ranged from 1 = “Not at all” to 7 = “Very much.”

Academic Emphasis

How much did students say their institution emphasizes spending significant time studying and on academic work? Response options included “Very much,” “Quite a bit,” “Some,” and “Very little.”
Item Comparisons
By examining individual NSSE questions, you can better understand what contributes to your institution's performance on the Engagement Indicators. This section displays the five questions on which your students scored the highest and the five questions on which they scored the lowest, relative to students in your comparison group. Parenthetical notes indicate whether an item belongs to a specific Engagement Indicator or is a High-Impact Practice. While these questions represent the largest differences (in percentage points), they may not be the most important to your institutional mission or current program or policy goals. For additional results, see your Frequencies and Statistical Comparisons report.

First-year

Highest Performing Relative to New England Public
Quality of interactions with faculty\(^b\) (QI)
Examined the strengths and weaknesses of your own views on a topic or issue\(^b\) (RI)
Instructors provided feedback on a draft or work in progress\(^c\) (ET)
Tried to better understand someone else's views by imagining... his or her perspective \(^b\) (RI)

Lowest Performing Relative to New England Public
Participated in a learning community or some other formal program where... (HIP)
Combined ideas from different courses when completing assignments\(^b\) (RI)
About how many courses have included a community-based project (service-learning)?\(^b\) (HIP)
Institution emphasis on providing support for your overall well-being... (SE)
Spent more than 15 hours per week preparing for class

Senior

Highest Performing Relative to New England Public
Instructors provided feedback on a draft or work in progress\(^d\) (ET)
Institution emphasis on encouraging contact among students from different backgrounds... (SE)
Instructors provided prompt and detailed feedback on tests or completed assignments\(^c\) (ET)
Quality of interactions with faculty\(^b\) (QI)
Institution emphasis on providing support to help students succeed academically\(^b\) (SE)

Lowest Performing Relative to New England Public
Learned something that changed the way you understand an issue or concept\(^b\) (RI)
About how many courses have included a community-based project (service-learning)?\(^b\) (HIP)
Institution emphasis on attending campus activities and events (...)? (SE)
Discussions with... People with political views other than your own\(^b\) (DD)
Institution emphasis on providing support for your overall well-being... (SE)

\(a\). The displays on this page draw from the items that make up the ten Engagement Indicators (Els), six High-Impact Practices (H!Ps), and the additional academic challenge items reported on page 2. Key to abbreviations for EL items: HO = Higher-Order Learning, RI = Reflective & Integrative Learning, LS = Learning Strategies, QR = Quantitative Reasoning, CL = Collaborative Learning, DD = Discussions with Diverse Others, SF = Student-Faculty Interaction, ET = Effective Teaching Practices, QI = Quality of Interactions, SE = Supportive Environment. HIP items are also indicated. Item numbering corresponds to the survey facsimile included in your Institutional Report and available on the NSSE website.

\(b\). Combination of students responding “Very often” or “Often.”

\(c\). Combination of students responding “Very much” or “Quite a bit.”

\(d\). Rated at least 6 on a 7-point scale.

\(e\). Percentage reporting at least “Some.”

\(f\). Estimate based on the reported amount of course preparation time spent on assigned reading.

\(g\). Estimate based on number of assigned writing tasks of various lengths.
How Students Assess Their Experience

Students' perceptions of their cognitive and affective development, as well as their overall satisfaction with the institution, provide useful evidence of their educational experiences. For more details, see your Frequencies and Statistical Comparisons report.

Perceived Gains Among Seniors

Students reported how much their experience at your institution contributed to their knowledge, skills, and personal development in ten areas.

<table>
<thead>
<tr>
<th>Perceived Gains</th>
<th>Percentage of Seniors Responding &quot;Very much&quot; or &quot;Quite a bit&quot;</th>
</tr>
</thead>
<tbody>
<tr>
<td>Thinking critically and analytically</td>
<td>83%</td>

See your Administration Summary and Respondent Profile report for more information.

Additional Questions

Your institution administered the following additional question set(s):

Civic Engagement
First-Year Experiences and Senior Transitions
See your Topical Module report(s) for results.

What is NSSE?

NSSE annually collects information at hundreds of four-year colleges and universities about student participation in activities and programs that promote their learning and personal development. The results provide an estimate of how undergraduates spend their time and what they gain from attending their college or university. Institutions use their data to identify aspects of the undergraduate experience that can be improved through changes in policy and practice.

NSSE has been in operation since 2000 and has been used at more than 1,600 colleges and universities in the US and Canada. More than 90% of participating institutions administer the survey on a periodic basis.
