Possible outcomes include:
- Pass – pass without any conditions
- Pass with Conditions – passing is conditional on making minor revisions/changes
- Unsatisfactory/Not Pass – student must make revisions and then resubmit the portfolio
- Fail -- students work is not consistent with the academic honesty policy

**Submission**

Send portfolio via email as a single document, **WORD DOC** format to cedronecenter@framingham.edu with “STUDENT NAME Portfolio Submission” in the subject line.

**Additional Notes**

- Use a standard, easily readable 12-point font. Fonts such as Arial and Calibri are good choices.
- Each course write-up should be at least two pages in length and double-spaced. Overall, the content of your portfolio should be the focus of your energy.
- After every course there is an opportunity to provide an in-depth evaluation of the course as well as the Instructor by filling out the course evaluation form. Those responses are valuable in our looking at developing courses as well as selecting Instructors. The Portfolio **is not** supposed to be a review of your Instructors. The Portfolio allows you to reflect more on your own takeaways from the courses and how they are useful in your professional lives.
- In order to limit the opportunity for plagiarism, it is advised not to share your portfolio with others.
