

Prescriptions

The Nurse Practitioners and physicians who staff the health center can provide prescriptions, such as asthma medications, antibiotics as appropriate, birth control and other medications needed to treat episodic illnesses or maintain your health.

You will be seen for an appointment and prescribed the necessary medication at your visit. Prescriptions can be electronically sent to the pharmacy of your choice to be filled. There is no pharmacy on campus but several which are within walking or short driving distance.

CVS	1280 Worcester Road (Corner of Temple St and Route 9)	508-872-1432
Walgreens	653 Worcester Road (Route 9)	508-620-1608
