

RELEVANT ADVICE AND MENTORING FOR MULTICULTURAL STUDENTS

The RAM²S program will assist first year students of color in the transition to college, but is open and available to all students. The program will promote academic excellence, interpersonal connections, and social involvement.

GOALS & OBJECTIVES

1. Achieve Academic Excellence

- Appreciate and achieve academic success as defined by the individual mentor teams.
- Demonstrate habits that develop skills to enhance academic achievement.
- Learn the value of a curriculum that includes general education as well as major concentration requirements.
- Eliminate the stigma associated with seeking outside academic assistance (tutoring).

2. Commit to Interpersonal Connections and Social Involvement

- Learn the value of involvement with the College outside of the classroom through attending campus events, joining a club, participation in intramurals, etc.
- Support the Campus Passport from a student's FSC Foundations class with an Involvement Plan that makes campus involvement intentional.
- Learn to develop supportive friendships.
- Understand the role and responsibility of students inside and outside of the classroom.
- Demonstrate appropriate behavior in academic and social settings.

3. Seek Personal Awareness

- Explore a path to career and life success in a way that incorporates unique individual experiences, interests, passions, and expertise.
- Ensure students accept individual responsibility for academic successes and failures.
