LOCKDOWN VS. SHELTER IN PLACE

Instructions may be given by the police to either Lockdown or Shelter in Place. Please be aware of the differences:

- When a **LOCKDOWN** order is given, occupants of the University are directed to remain confined to a room/area with specific procedures to follow regarding locking of doors, closing of window shades and seeking cover.
- When a **SHELTER IN PLACE** order is given, occupants are to remain inside of University buildings to keep them from being exposed to the elements or incident that may be occurring else where. Occupants are free to move around/within the building, but should not exit until informed via updated instructions or via a uniformed police officer.
