Center for Excellence in Learning,
Teaching, Scholarship, and Service

For an art historian, traveling to see famous artistic sites is a journey to the fount of knowledge. In the elusive quest to understand artist and oeuvre, Erika Schneider traveled to both famous and obscure locations associated with Vincent Van Gogh while living in the Netherlands as a recipient of the inaugural Fulbright-Terra Foundation Award in the History of American Art. This lecture will explore the secularized pilgrimage and the role it plays in research and teaching.
