

NURSING MAJOR (UPPER DIVISION ONLY)

Nursing Education Transfer Compact (NETC)

For Registered Nurses who graduated from public Associate Degree in Nursing Programs in Massachusetts, the NETC includes:

- Acceptance in transfer all courses earned as part of a Board of Registration in Nursing (BORN) approved public Associate Degree in Nursing (ADN) program, without time restriction*, as a body of knowledge and practical experience that is a prerequisite to National Council Licensure Examination (NCLEX) licensure.

**Exceptions to this policy may be applied by FSU for specific courses, i.e. sciences*

Transfer credit evaluations are completed by the Office of the University Registrar. Registered Nurses may receive credit for nursing and non-nursing college-level courses successfully completed at other regionally-accredited higher education institutions.

The General Education Requirement

As per the Nursing Education Transfer Compact (NETC), nursing students who attended a Massachusetts state community college and have completed the MassTransfer Block (General Education), as indicated as such on the community college transcript, may be required to complete no more than two additional courses at FSU to satisfy FSU's Domain General Education model. A nursing student who has previously completed a bachelor's degree from a regional-accredited institution in the United States will have FSU's Domain General Education model as completed.

Students who do not meet the General Education requirements through the Mass Transfer Block (General Education) must meet the University's Domain General Education Requirements. See the Framingham State University Undergraduate Catalog for details.

For all majors in Nursing, the Bachelor of Science (B.S.) Degree requires completion of:

Course Prerequisites

Courses may have specified conditions for enrollment, such as prior completion of less advanced courses, permission of the instructor, or appropriate placement test scores. Students should refer to course descriptions in the department listings for prerequisite requirements.

Lower Division Nursing Knowledge:

Diploma Programs

Registered Nurses who graduated from a Diploma program approved by a state Board of Registration in Nursing (BORN) will earn seven (7) transfer course-credits.

Foreign Nursing Programs

Transcripts of Registered Nurses who graduated from foreign nursing programs will be evaluated on an individual basis. Transfer credit for previous nursing courses (7 course-credits/28 semester hours) can be earned through successful completion of the ACEI and Clinical Practice examinations.

NURSING MAJOR (UPPER DIVISION ONLY)

This worksheet is a guide to supplement your degree audit in Degree Works. All students need a minimum of 30 FSU course-credits to graduate. For students who change majors or enter FSU with transfer credits, your degree audit may appear differently, as previous coursework could fulfill Domains and Free Electives. Please see your Advisor and/or The Advising Center with any questions.

DOMAIN GENERAL EDUCATION (11 Courses Required):

The FSU General Education program consists of 11 requirements. In Nursing Domain II-B is partially satisfied through completion of the major (X). This leaves **ten (10) courses to be completed** to satisfy the remaining General Education subdomains through courses taken outside the major department. Transfer courses will fulfill some of the subdomains. No more than two (2) additional FSU courses will be required to fulfill Gen Education subdomains. Only courses designated (Gen. Ed. Domain) after the course title will meet General Education requirements. Please refer to the Undergraduate Catalog for full information.
